CLIMATE AIR CONDITIONING

The automatic digital air conditioner in the Baleno RS features a unique round dial with a high contrast LCD display for simple comfort adjustment.

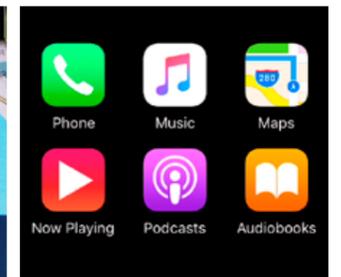

KEYLESS ENTRY & START

Unlock the Baleno RS by pressing a button on the door handle, and start the car while the key remains safely in your pocket.

7-INCH TOUCH-SCREEN

The Baleno has a centrally located 7-inch touch-screen featuring voice-activated audio and smartphone connectivity, plus a built-in satellite navigation system with easy to follow maps.

APPLE CARPLAY® & ANDROID AUTO™

Connect your compatible smartphone via USB to make phone calls, access your music, send and receive messages, and get directions, by voice command or tapping on the display.

Exceptional comfort

With Suzuki's unparalleled small car know-how every centimetre in the new Baleno is crafted with your comfort and everyday use in mind. Sitting inside, the sense of openness and freedom is inspiring. The interior space is thoughtfully designed with ample space for front and rear passengers to relax and lots of clever little touches around the cabin make every journey enjoyable.

COMFORT BEHIND THE WHEEL

The steering column adjusts both tilt and telescopically for the perfect driving position (RS). The ergonomically designed front seats have been widened for more shoulder room and a wider rear seat means even the longest journeys will be fidget free. The Baleno's high ceiling makes it a breeze to get in and out.

A PLACE FOR EVERYTHING

From the thoughtful compartments to the practical hatchback boot, every space in the Baleno has a purpose. You'd be hard-pressed to find a larger luggage area in this class with 355 litres of space for all of your groceries, golf clubs, and odd-shaped items from the garden centre.

Everyday safety

The Baleno is packed with the kind of high-tech and high-spec extras you would expect in a luxury vehicle.

Equipped with a comprehensive range of integrated safety features including; dual front, side and curtain airbags, Electronic Stability Programme (ESP®), Suzuki's unique HEARTECT technology, ABS with Electronic Brake Distribution, and Brake Assist, reversing camera, LED daytime running lamps, and fog lamps (RS).

6 AIRBAGS

The Baleno features six SRS airbags for the driver and passenger seats including SRS side airbags and SRS curtain airbags for safety and protection.

LED PROJECTOR HEADLAMPS

The distinctive LED projector headlamps in the Baleno RS are auto dusk-sensing and have built-in daytime running lamps. The GLX features multi-reflector halogen headlamps with DRLs built into the bumper.

GUIDE ME LIGHTS

The Baleno's guide-me headlamps continue to illuminate the road for a short while after you get out. When the doors are unlocked with the remote control, the headlamps turn on to lead you to and from the vehicle.

SAFETY-ENGINEERED BODY

Baleno's body incorporates Suzuki's state-of-the-art HEARTECT high-rigidity platform for lightness and occupant safety. Crumple zones efficiently absorb and dissipate energy from frontal, side and rear impacts, for maximum safety.

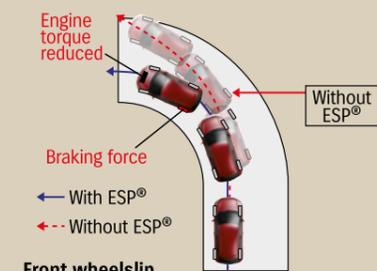

REVERSING CAMERA

Now you can reverse safely without having to twist around in your seat. It makes parking easier and can be a lifesaver when kids or animals are around.

ESP®

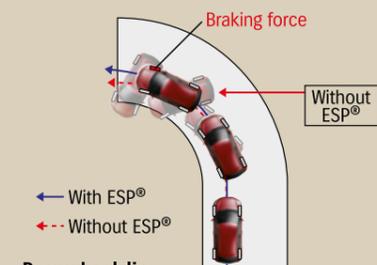

Electronic Stability Programme or ESP® helps you stay in control when you're cornering by counteracting understeer and oversteer. It also improves traction and reduces the possibility of skidding.

Front wheelslip

ABS WITH EBD

Braking force on each wheel is automatically modulated to provide the right amount of pressure and bring the car to a safe, controlled stop. Ventilated front disc brakes provide powerful stopping performance. The RS model complements this with solid rear discs.

Rear wheelslip

Extraordinary economy

The new Baleno not only looks classy, it gets you from A to B without spending any more than it needs to. From its next generation lightweight platform to its powerfully efficient engines, every component is designed for maximum efficiency, practicality and safety. The Baleno is smooth, responsive, with superb all-round visibility and manoeuvrability; it quietly does its job so you can enjoy every part of your day.
