

ONLY APPROVED ACCESSORIES ARE UP TO THE JOB

Just like your New Express, Mitsubishi Approved Accessories are built to work hard and look smart.

Because they're approved by Mitsubishi, they'll give you the best fit and function possible. They're also the same high quality as the vehicle you fit them to.

Unlike some other accessories, Mitsubishi Approved Accessories don't affect your new vehicle warranty. They're so dependable, they even come with a 36 month/100,000km Approved Parts Warranty when they're fitted by a Mitsubishi Dealership at time of vehicle purchase.
